This application is in condition for allowance except for the following formal matters:

The drawing corrections filed on 2-14-05 and 4-4-06 and are not in accordance with MPEP 1413 and 37 CFR 1.173(b)(3). Figures 2-4 need to be identified as "Amended" as per MPEP 1413 and clean copies (copies including no correction markings) of Figures 2 and 3 must be provided.

The amendment filed 2-14-05 proposes amendments to the paragraph beginning at column 4, line 37, that do not comply with 37 CFR 1.173(b), which sets forth the manner of making amendments in reissue applications. It is noted that the matter to be deleted from the patent should be bracketed and not struck-through. A supplemental paper correctly amending the reissue application is required.

This application is objected to under 37 CFR 1.172(a) as lacking a proper written consent of all assignees owning an undivided interest in the patent since the reissue application consent filed on 7-18-03 was signed by someone not having authorization to sign on behalf of the assignee. The consent of the assignee must be in compliance with 37 CFR 1.172. Also, see MPEP § 1410.01 for a list of persons having authorization to sign the consent. A proper consent of the assignee in compliance with 37 CFR 1.172 and 3.73 is required in reply to this Office action.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 25 USPQ 74, 453 O.G. 213, (Comm'r Pat. 1935).

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
